1958 CATALOG LIST

R. H. GORE - ORCHIDS

"A Name Known Around the World
When Quality Is Desired"

FORT LAUDERDALE, FLORIDA

"MAKE A DATE FOR '58"

TO ADD SOME OF THESE OUTSTANDING ORCHIDS TO YOUR COLLECTION.

We are herewith offering for sale seedlings and plants from one of the finest collection of orchids in the world. Due to the constant demands for many of our fine varieties, some of our stock is still not available for listing. If you do not find the plant you want in this catalog please feel free to write us.

Please read over the attached list of exceptional plants and note the reasonable prices. We invite comparison. Since some varieties are limited in number we urge that you order early to avoid disappointment.

R. H. GORE - ORCHIDS has established a reputation for growing only quality plants and we cherish that reputation.

All orders will receive our prompt and careful attention. Plants will be shipped via Railway Express, collect, out of pot, unless otherwise specified.

If we can help you with any problems of culture, please feel free to write us -- ours is an organization of many years experience and we will be happy to share that experience with you.

SPECIAL OFFERING OF CHOICE STOCK

Three of these plants are exceptionally fine offers, attested by the fact that they are all awarded and are very rare because of their color. They are numbers 52, 58, and 60.

We offer only one division of the following plants. We suggest that you wire or phone for further inquiries on any of these plants, as they will be sold to the customer who places the first order.

No.	Name	No. of Bulbs	Pot Size	Price
46.	Bc. Fabia var. Helen Underwood	8	6"	\$100.00

Growing Supplies

Silvacon oo Bark (Fir)

We have a distributorship for this bark, and we are using it with outstanding success. We have experimented with all types, and find this bark to be more uniform and also to be the most practical media to use for all genera.

We recommend a 30-10-10 fertilizer with this bark. We also know that after using this media you will agree with us that it is the best on the market. This bark is less expensive than many of the other medias offered on the market today, being only \$4.50 for a 2 cu. ft. bag, approximately 50 lbs.

For the beginner..... For the first time we are offering ten blooming-sized, mature plants of various colors, blooming in various seasons throughout the year for only \$25.00. These plants would be of our selection.

Roy B. Gore, Jr., Manager
